The template includes a narrative component for providing budget status, identifying/addressing budget and program concerns, and a summary of AB 109 activities performed during the reporting period.

The Probation Department, as the fiscal administrator of the AB 109 Funds, has prepared the attached Summary of Expenditures (Schedule A) based on the financial schedules provided by each individual CCPEC agency. Each agency's submitted financial schedules are also included in the attached report.

On December 19, 2018 the CCPEC approved the Amendment to the Post-Release Accountability and Compliance Team(PACT) Memorandum of Understanding (MOU). The collaboration and coordination of local law enforcement agencies is essential in ensuring the successful operation of the AB109 program. Multi-agency Post-release Accountability and Corrections Teams (PACT) were established to supervise high-risk offenders and apprehend absconders. The primary mission of PACT is to allow local law enforcement agencies to work with the Probation Department to focus on "high risk" and "at large" PRCS offenders that pose the most risk to public safety. There are currently three (3) PACTs operating in the West, Central, and East regions of the county dedicated to identifying, investigating, locating and apprehending "non-

NARRATIVE

1. Description of current budget status, including any known or potential problem areas within the budget and options and/or recommendations for addressing these issues.

The spending plan for the Sheriff's Department included funding to help mitigate the impact of Realignment inmates in the local jails, provide for new and enhanced alternatives to incarceration, and deliver meaningful programming to incarcerated Realignment inmates in an effort to provide tools for their successful return to the community. Most of the funding budgeted for related salaries and overtime costs are on track to be exhausted. The CDCR Fire Camp Contract beds are expected to continue this fiscal year level.

2. Provide a summary of AB 109 activities performed during the reporting period (if desired, copies of the monthly CCPEC reports may be attached).

During this period, the Sheriff's Department continued participation in the CDCR fire camp program contracted beds. The department also continued to roll out programming opportunities for in-custody Realignment inmates. The Department continues to refine its processes for inmate evaluation using evidence-based practices and work with other state and local agencies on data gathering and analysis. The local jails continue in a chronic state of overcrowding, requiring early releases pursuant to Federal Court Order. Further data covering the impact of Realignment on Sheriff's Corrections is reflected in the monthly reports.

CHAD BIANCO, SHERIFF / CORONER

RE: AB 109 Impact Update

Since State Prison Realignment under AB 109 went into effect, the jails in Riverside County have experienced a substantial increase in inmate population. In the first week of January 2012, our facilities hit maximum capacity, requiring us to initiate releases pursuant to a federal court order to relieve overcrowding. Since that date, our jail population has consistently remained at maximum capacity. In calendar year 2019 overcrowding forced the early release of 5,449 inmates. This was a 19.5 percent decrease when compared to 2018. The 2020 year-to-date early release number is currently 539. We continue to utilize alternative sentencing programs, such as Fire Camp and SECP (electronic monitoring), in an effort to relieve overcrowding and minimize early releases.

Inmate bookings since AB 109 went into effect which are directly related to realignment are:

Parole Violations (3056 PC)¹

- 25,224 inmates booked (16,829 booked for violation only; 8,395 had additional charges)
- 142 inmates in custody

Flash Incarcerations (3454 PC)²

- 4,539 inmates booked
- 28 inmates in custody

Post Release Community Supervision Violations (3455 PC)³

- 16,373 inmates booked (9,020 booked for a violation only; 7,353 had additional charges).
- 123 inmates in custody

Inmates Sentenced under 1170(h) PC for Felony Sentence to be served in County Jail⁴

- 18,166 inmates sentenced
- 411 inmates in custody (341 RSO facilities; 70 alternative housing)
- 160 of these inmates are sentenced to 3 years or more (115 RSO facilities; 45 alternative housing)
- Longest sentence: 20 years

¹ 3056 PC (Parole Violation) - Period of detention in a county jail due to a violation of an offender's condition of parole.

² 3454 PC (Flash Incarceration) - Period of detention in a county jail due to a violation of an offender's condition of post release supervision (1-10 days).

³ 3455 PC (PRCS) - Period of detention in a county jail due to a violation of an offender's condition of post release supervision (not to exceed 180 days).

⁴ 1170 (h) PC – Sentenced felony offenders serving their time in a county jail as opposed to state prison.

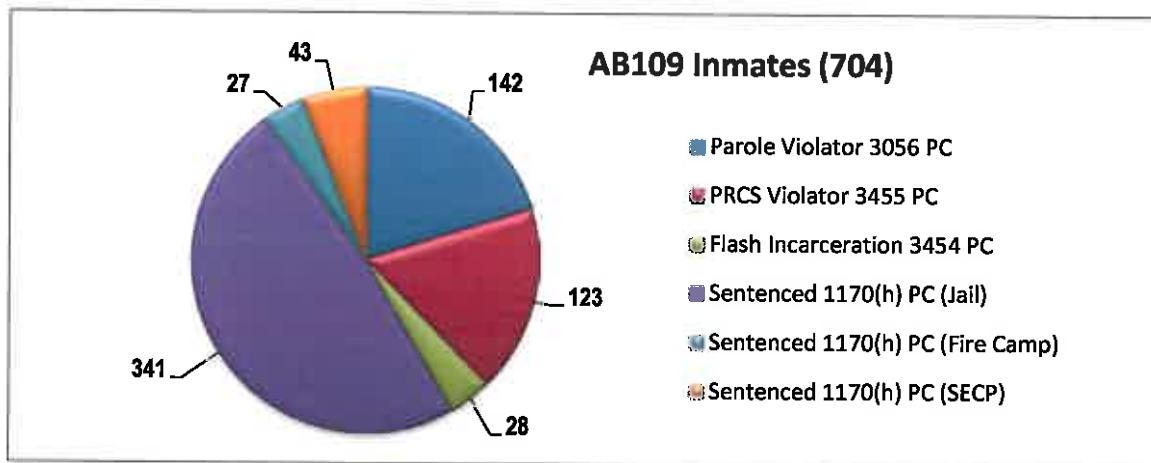

Alternative Incarceration Methods⁵

Alternative incarceration methods include: The California Department of Corrections and Rehabilitation (CDCR) Fire Camp and Supervised Electronic Confinement Program (SECP).

- Since June 2013, 215 fire camp participants completed the program
- 27 current fire camp participants
- Since January 2012, 1,894 full-time SECP participants
- 43 of RSO's SECP current full-time participants are 1170(h) inmates

Summary

The total number of inmates to date booked directly or sentenced to jail due to realignment is 48,554
The number of those currently remanded to the custody of the Riverside Sheriff's Department is 704.

⁵ Alternative Incarceration Methods – Housing or monitoring sentenced inmates outside of the County Jail.

OUTCOMES

The following is outcome data for the Forensic Full Service Partnership (FFSP) program. Outcomes are focused on evaluating changes in a consumer's status relative to several quality of life domains. Baseline histories are obtained from consumers at enrollment into the FFSP program. Follow-up data is collected on a continuous basis for key life events (e.g., hospitalizations) and is assessed periodically for other select life domains. Outcome reporting is based on comparisons between baseline and post enrollment status and provides a measure of program effectiveness.

Note: Intake: Most FFSP consumers (57%) did not have a primary care physician (PCP) at intake. Follow-up: Of the 63 consumers that did not have a PCP at intake, 42% obtained a PCP while in the program. Outcomes Data obtained from: Full Service Partnership Adult Outcomes Report for FY 2016-2017; FY 2017-2018 and FY 2018-2019. FFSP is comprised of (2) RUs: 33LB01 and 33MSFA; thus, data is aggregate.
