RIVERSIDE COUNTY SHERIFF'S DEPARTMENT
STANLEY SNIFF, SHERIFF / CORONER

TO: CCP Executive Committee

DATE: May 30, 2012

FROM: Sheriff Stan Sniff

Point of Contact: Chief Deputy R. Gregory (951) 955-2446, rgregory@riversidesheriff.org

RE: AB 109 Impact Update

Since State Prison Realignment under AB 109 went into effect on October 1, 2011, the jails in Riverside County have experienced a substantial increase in inmate population. As of May 30, 2012, our average daily population was 3,795 or 98 percent of our maximum capacity (3,906 beds).

In the first week of January 2012, our facilities hit maximum capacity, requiring us to initiate releases pursuant to federal court order SA-CV-93808 to relieve headcount overcrowding. These types of releases have continued since that time. Year-to-date, 2,260 inmates have been released per the court order.

Inmates booked in since AB 109 went into effect who can be directly attributed to AB 109 realignment are:

Parole Violations (3056 PC)

The total number of inmates booked for parole violations is 3,338.

- 2,087 booked for 3056 PC only; 1,251 booked for 3056 PC plus additional charge(s).
- 292 inmates remain in custody on a 3056 PC violation only.

Flash Incarcerations (3454 PC)

The total number of inmates booked in for Flash Incarceration is 181.

- The number currently in custody is 11.

Post Release Community Supervision (PRCS) Violations (3455 PC)

The total number of inmates booked in for PRCS violations is 307.

- 180 were booked in with a 3455 only; 127 had additional charges.
- 73 of these remain in custody.

Inmates Sentenced under 1170(h) PC for Felony Sentence to be served in County Jail

The total number of inmates sentenced per 1170(h) PC is 1,073.

- This equates to approximately 19.9 percent of all inmates sentenced to jail during this period of time
- 594 of these remain in custody, which is approximately 15.6 percent of our total population.
- 150 of these inmates have been sentenced to 3 years or more. The longest sentence for someone currently in custody is 12 years 8 months.

Summary

The total number of inmates booked directly attributed to AB 109 realignment is 3,640. The number of those currently in custody equals 979, or approximately 25.7 percent the total jail population.
